BASE BALL.

Wheeling fans are in anything but a omfortable frame of mind this week. Their discomfort is caused primarily by the inability to close a deal for new the inability to close a deal for new grounds. The street railway company officials told Manager Torreyson when he was here last week that they could not tell him definitely as to whether their plans for the proposed Belle Isleyark on Wheeling Island would go through to success, but intimated that the matter would probably come to a satisfactory consummation this week, and the meantime, however, Torreyson's partners in the owners, Torreyson's partners in the ownership of the Daylon and Wheeling clubs, and Mr. Anisdel and other Grand Rapids people, who want to buy the wheeling franchise and transfer the club to the Western league. Upon the result of this conference probably depends wheeling's further membership in the inter-state league, and to ar unbiased onloker it appears that the chances are A-ligh for Wheeling setting the knock-out blow. The truth is that Youngman and Armor have all along been in favor of selling out their Wheeling shelling, and the Grand Rapids neone are likely, in their desperation, grounds. The street railway company youngman haver of selling out their Wheeling holdings, and the Grand Rapids people are likely, in their desperation, to make an offer that will land the prize. Torreyson wants to transfer his interest in Dayton in consideration of the Wheeling club, but if Grand Rapids bids the franchise away up, it is likely Torreyson will be outvoted and Wheeling will be an outcast in the world of base hall—with only the dinky-dink Ohio State league and the resurrected Iron and Oil league as possible harbors of refuge, an outlook that is anything but attisfactory to the army of cranks who have been anticipating a good team well managed during the coming season.

Secretary Shirley, of the rallway company, says the outlook for the ball club securing grounds at the proposed resort is excellent, and that before the sert is excellent, and that before the close of the week a deal can be closed between the park association and the ball club, but the trouble is that before this much-desired state of affairs is brought about the club may be sold out by Armor and Youngman. The park association is to hold a meeting early this week, possibly on Tuesday or Wednesday, when the promoters hope to align their views on the relative value of real estate and street railway facilities. It is generally hoped that they we come to an agreement before Wheeling loses her Inter-state franchise.

W. J. Bruner, of Wheeling, has been elected by the student body to manage the West Virginia University base ball team for the coming season. He has been in correspondence with a number of college team managers and has the season schedule well under way, although the dates of but few games have been positively fixed. The Western Universipositive from the control of the con

ager Bruner a game and there win betwo games with Washington and Jefferson.

The outlook for a first class team
brightens daily with the enthusiastic
gymnasium practice. From fifteen to
twenty-five men are desirous of positions on the team, many of them new
students. Of last year's team Dent and
Lowe, pitchers; Prart, catcher; Anderson, first base; McWhorter, shortstop;
Llewellyn, left field; Lawhead, 'rightfield, and Davis center field, are in
school and practicing to retain their
nozitions. Whaley, of Uniontown, and
Schad and Kincheloe, of Wheeling, are
the most promising of the new men.
Application has been made by Prof.
Thoms E. Hodges, on behalf of the facuity, and Messrs. Lawhead, White,
Crossman and McWhorter, on behalf of
the four classes, for a charter for a permanent athletic association, something
the university has never had. As soon
as it can be obtained the association will
be organized and steps will be taken to
acquire and fit up an athletic ground
which may be used for all kinds of field
sports.

Youngstown will play Sunday ball a its regular park this year. A game each Sunday will likely be played and no doubt large crowds will attend. The ball grounds are just across the county line in Trumbull county and are far away from any houses. Patrons of the game who cannot see base ball on week days are delighted with the idea of seeing

Speaking of the Strobel letter, roasting Spearing of the Street magnates, the Clevel and the Inter-state magnates, the Cleveland Leader has the following persitient comment:

Mr. Strobe's letter confirms the report

Mr. Strobe's letter confirms the report circulated last fall that Beck. Myers, Gilks, and Blue were simply turned over to Cleveland to keep any other league from drafting them, and are to be returned to Mr. Strobel in the spring. Notwithstanding Mr. Strobel's vehement assertions that his club is not a "farm" for Cleveland, it is likely that before the season is far under way Cleveland will "turn a few players over" to Toledo, to keep until they are needed back in Cleveland, just as these Toledo men were "turned over" to the Meszrs. Robinson. Mr. Strobel may not call this process "farming," but whatever he does call it, it signifies the relations between the two clubs which have all along been suspected, ever since the deal of lost fall. Mr. Strobel in as good reason to smile when he reads of "Cleveland's farm." It will help bim quite a bit, even though he has wen four pennants in three years.

Wheeling's fistle colony. Bonner, Burns, Gardner and Pearce, spent rather a quiet Sunday, their only outof-door work being a run over the snowcovered hills to Elm Grove in the morning, which was a weight-reducer with A vengeance. Bonner's antagonist in to-morrow night's contest at the Metropolitism club arena. Nick Burley, the Callfornian, will arrive this afternoon from Zanesville, where he has completed his training, and is touted as being in the best of condition. He will be accompanied by a delegation of Zanesville admirers, who will remain over Tuesday to witness the contest.

There is more interest in the Bonner-Burley contest than any that the Met-ropolitans have pulled off, and all the

"Three from two you can't," says the schoolboy. Right! Three from two you can't, either in dollars or dividends or sarsaparilla. It takes the best sarsaparilla root to make the best sarsaparilla extract. The best sarsaparilla comes from Honduras, C. A., and the Dr. Ayer Co. practically controls the entire product. Yet others claim to be making "best" sarsaparilla. They must be making it out of the remainder left after subtracting three from two. But, "three from two you can't." The preliminaries are the best ever arranged, two of them being as good as some of the principal events the McKeesport club has been pulling off. Bonner is the local favorite, but that the contest will be a hot one the admirers of both boxers admit.

DETROIT, Mich., Jan. 30.—Fitzsimmons and Julian declined to consider Corbett's final challenge to-day. A suit has been filed in the common

The offense charged is that Mr. Mc-Cortney gave orders not to permit Mr. Long upon the premises during the Long upon the premises during the steel workers' strike; that he was in the employ of the Pennsylvania Bridge Company, and by reason of the watchman preventing him from going to work he lost his job, hence the damage.
